

REGISTERING RESIDENCE AND APPLYING FOR A RESIDENCE CARD

APPLICABLE ONLY FOR UK NATIONALS AND FROM 1 JANUARY 2021

This checklist is designated only for UK nationals who:

- Have lawful residence in Slovakia before 31 December 2020 and
- Register their residence in Slovakia and apply for issuance of a Residence Card after 1 January 2021

It is not applicable for UK nationals who move to Slovakia after 1 January 2021.

Please check if you have all the following documents required when registering your residence and applying for a Residence Card:

- Valid passport
- Two colour photographs (3 × 3.5 cm)
- Application form automatically generated by the online booking system
- Completed [application form](#) (optional)

If you use the online booking system, it will automatically generate your application form, which you should print out. Even if you use the [online booking system](#), you may consider bringing both completed forms to the Foreign Police, the automatically generated one and the one that you fill in manually, as a backup.

- Document confirming your right of residence in Slovakia.** This may be one of the following, depending on your situation:
 - Written promise of employment or confirmation of employment
 - Trade Licence
 - Confirmation from school or university and a document confirming sufficient financial means
 - Document confirming sufficient financial means and a document on health insurance
 - Affidavit certifying that you are continuously looking for work
 - Document proving the family relation or the duly attested, durable relationship with the UK national or Union citizen whom you are accompanying or joining in Slovakia and their Registration Certificate proving they have registered residence in Slovakia

Financial means may be demonstrated by e.g. a bank account balance confirmation issued and stamped by your bank, your credit card, or cash. The minimum required amount to demonstrate as a one-off lump sum at the Foreign Police depends on your situation, e.g. 214.83 EUR (for a single person), 364.70 EUR (for a couple) or 462.78 EUR (for a couple with one child). These amounts apply until 30 June 2021.

If you have lawfully resided in Slovakia continuously for more than 5 years, you no longer need to submit a document confirming your right of residence. Instead, you submit a document proving your lawful and continuous residence in Slovakia longer than 5 years.

- Documents confirming that you were lawfully residing in Slovakia before 31 December 2020**
- Document on accommodation.** This may be one of the following, depending on your situation:
 - Affidavit about ownership of a property (if you own property)
 - Tenancy (lease) agreement with the owner or the user of the property and documentation of eligibility to use the property if it is a tenancy agreement with the user of the property
 - Affidavit of a natural person or a legal entity about the provision of accommodation and documentation of eligibility to use the property if it is an affidavit of the user of the property
 - Confirmation from an accommodation facility (e.g. a hotel, hostel)
- Optional fee(s).** We advise to pay 3.00 EUR for sending the Residence Card to your address in Slovakia and 24.50 EUR for a fast-track issuance of the Residence Card within 2 working days, instead of the standard 30 days. Fees at the Foreign Police are paid in form of electronic fee stamps (eKolok), which may be bought:
 - Online by visiting and registering on [this website](#). Once you select your fees, you need to print them out. The fees may be used within 30 days from the purchase. They may be paid with a card.
 - Via the eKolok mobile app. You will get a QR code which you will show on your mobile phone at the Foreign Police Department. The fees may be used within 30 days from the purchase. They may be paid with a card.
